got a response from them when replying i get an auto email back stating my email is spam when you try to report problem getting credit you ll only see the fiber offers in the report problem link for anything else adgem offers you have to send email and adgem offers often don t automatically get credited i ve recently completed an offer that required paid subscription i ve received credit for that right away which was surprising to me i tried withdrawing my balance right after that and the withdraws failed but those failed withdraw credits were never put back to my account still to date now my email is marked as spam and i still haven t receive reply for any of my old requests i currently have 3 new completed 3 weeks ago completed offers and 4 old months ago offers that i still haven t receive credits for even though i ve contacted makemoney multiple times about it
