tiktok picked up where music ly left off and then rearranged things a little to make it more interesting whereas music ly was a platform where young people and young people could publish 15 second films of themselves lip syncing to beyoncé s latest hit tiktok has widened its reach to allow users to upload 15 second videos of themselves doing anything they wanted tiktok has become significantly more relaxed than it used to be sure some of it is mind boggling and some of it is disturbing but all of it is extremely addictive even if you re a little older than a child if you are a little confused about how to use them it s not breakneck these tiktok coins are a way to encourage performers and make them feel recognized however users under 18 are limited to this exchange of emotions and feedback consider going live at times interacting with your fans as you stream share the parts of your life you are happy to divulge to them the more they believe they know you the better they will feel about you and your videos performing live music may be challenging but your fans will love it if you feel comfortable doing that otherwise use your live sessions to discuss topics of interest to your fans run q a session and possibly have guests on your video interestingly you can buy a gift for your favorite performer and show them your love this way you can also pointedly exchange these coins for diamonds and these in turn can be exchanged
