be careful though particularly if you are a typical young tiktoker some creeps misuse tiktok don t give away too much personal information on your profile or upload image videos that dodgy people may abuse for this reason you should ensure that nothing in the background of your images videos give too much information about where you live this also helps you better know your audience you re not making videos for yourself nor should you make a wide range of videos trying to keep everybody happy successful tiktokers make videos that they know their audience will love it is much easier to devote your attention to a particular group of people rather than just making random content don t forget to interact with your viewers make sure that you reply to comments that people leave on your videos it may seem like hard work to you but it makes your followers believe you care and take notice of them promote your videos on your other social channels and your blog too if you have one the more people who know about your content the more will watch and like it the more you promote your content the more additional followers you are likely to gain and the closer you will be to being considered an influencer
